

How to install “Windows Revolution Technology (winRT)” application.

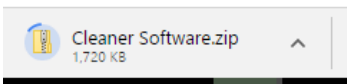

1. Click the link below to open OneDrive site to download
 - a. <https://1drv.ms/f/s!Ao07J6SZyJc0ac-wFAxoawfnyp8>
2. Click the Checkbox top-right corner for “Cleaner Software” as see below

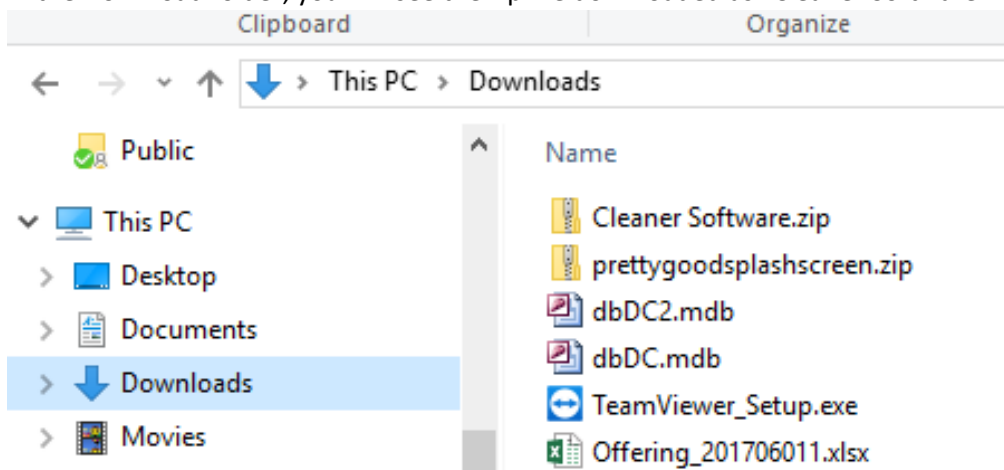

3. Click Download button  Download
4. Click Save button. You will see the action bar below the screen. The zip file size is about 42MB.
 - a. Internet Explorer

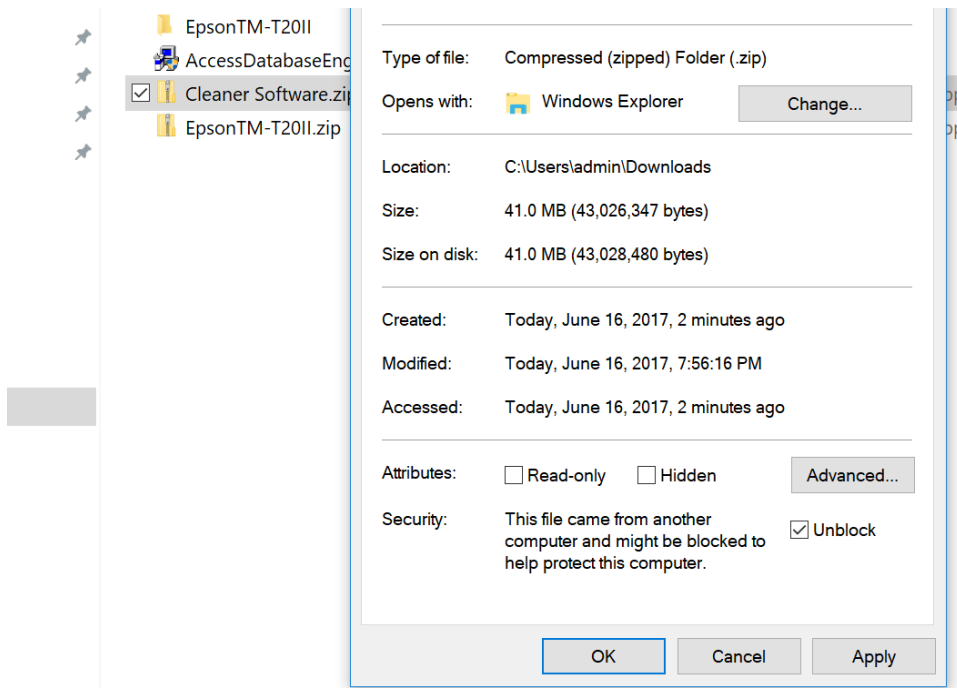

- b. Chrome

5. In the Download folder, you will see the zip file downloaded as “Cleaner Software.zip”

6. "Right" mouse click on the "Cleaner Software.zip" and click "Properties" from the popup menu
7. Check the "Unblock" checkbox in the security section as you see below and click "Apply" and "OK"

8. "Right" mouse click on the "Cleaner Software.zip" and click "Extract All..." from the popup menu
9. Change the extracted folder path as below and click "Extract" button

Select a Destination and Extract Files

Files will be extracted to this folder:

10. To execute the application, double click "WinRT.exe" from the C:\Cleaner Software directory.
If "file name extension" is hidden, you should double click "WinRT"
Demo version Registration Key is "temporary" and password is "1111"
11. If you see error related "Access Database", You need to download "64BitAccessDatabaseEngine.exe" Under Drivers → Access Database from same link in step 1. And, Install with Default values.

If you see below screen, click "More Info" and click "Run Anyway" button
